

# Smokestack Lightnin'

**Smokestack Lightnin' pay homage to the heyday of American 50's to 70's music, celebrating roots music like Country, Soul, Rhythm'n'Blues and of course good ol' Rock'n'Roll unlike any other band.**

They have been playing venues all over the world with never ending power and passion, giving their audience an understanding of the old fashioned genre 'country' by wrapping it up in sex appeal and coolness.

If you've never seen them performing live – GO GET 'EM!
